what to know when visiting a doctor or hospital

You may be able to take advantage of simple and convenient direct billing arrangements¹ that may eliminate the need for you to pay upfront except for any coinsurance or cost sharing that your plan may require. This is possible when you visit an international doctor or hospital that has direct billing arrangements with Cigna. Simply look below the doctor's contact information for a note that says "direct settlement may be available." If so, all you need to do is present your Cigna MBA ID card.

¹ There may be instances where doctors with a direct billing arrangement still call Cigna to verify your eligibility. When this happens, you simply show your Cigna MBA ID card to ensure that the doctor calls the dedicated MBA phone number on the back of your Cigna MBA ID card.

² If your doctor or hospital accepts direct settlement from Cigna, it will be noted in your search.

visiting a doctor or hospital (con't)

If direct billing is not available, the doctor or hospital may accept a Guarantee of Payment from us and will then file the claim directly with Cigna – reducing the need for you to submit any paperwork or pay in full for your care. Your doctor doesn't need to have a previous agreement with us to request a Guarantee of Payment. All you have to do is ask the doctor if they will accept it. Then, they simply call us with the request at the number on the back of your Cigna MBA ID card.¹

In situations where the doctor does not have a direct billing arrangement with us and they will not accept a guarantee of payment, you can still receive care. After

your visit, simply complete a claim form along with the eligibility verification form included in this kit, and clearly state how you would like to be reimbursed. Instructions to file a claim are below.

And when you are traveling outside of your country of residence to the US and need to receive emergency care during your visit, it is important that you show your Cigna MBA ID card to the doctor or hospital. This ensures that the doctor and hospital can reach us at the dedicated MBA phone line to verify your benefits. The result? You get the right care, even quicker.

6 easy ways to speed up the claims process

- Make sure the form is complete. And don't forget to sign!
- Hang on to copies of your bills, receipts, and claim forms.
- Fill out a separate form for each doctor or hospital visit.
- Clearly state how you would like to be reimbursed.
- Be sure to add a diagnosis or explain your treatment.
- Remember, even faxes are faster than regular mail.

Everything you need for your MBA plan.

Your Cigna MBA ID card is your passport to health care around the world. Be sure to get yours from your employer.
